

VAPOR LOCK™

Vapor Lock 20/20 was chosen by the Lawrence Memorial Hospital Construction Team to proactively stop moisture and flooring issues, and for the peace of mind that any moisture related flooring failures are covered by an incomparable Lloyd's of London warranty.

Representing the largest single campus expansion in its history, the LMH Health West Ambulatory facility in Lawrence Kansas is a new 243,000 square foot medical office building designed to guide the organization for the next 20 years. The program includes a new center for orthopedics, state-of-the-art physical/occupational therapy, imaging, an expanded ambulatory surgery center, ear, nose and throat services, primary care, specialty clinics as well as urgent care and associated support services.
