

VAPOR LOCK™

This six-story, 430,000 square-foot medical facility is the largest leased VA facility to date, serving nearly 150,000 local Veterans annually. It offers outpatient primary and mental care, along with specialty clinics. Additionally, it houses various support clinics, ensuring comprehensive healthcare services for Veterans.

Vapor Lock 20/20 allows for timely installation of moisture-sensitive coatings and adhesives, enhancing the durability and longevity of the structure. Backed by a comprehensive 10-year warranty, Vapor Lock 20/20 is a reliable choice for moisture mitigation in construction projects.
